AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the School Board and Treasurer of the School District of Newbury, of which the above is a true summary for the fiscal year ending June 30, 1934, and find them correct in all respects.

JAMES JEPSON,

Auditor.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Newbury District:
Gentlemen:

Following is my ninth annual report of the work of the schools of the district. After an interim of one year, part of which was spent at the University of New Hampshire in teaching and graduate work and part as superintendent in another union in this state, it is a great pleasure to me to report once more for the year 1933-34.

Following are the general statistics for the year 1933-34.

The teachers employed were:

Edythe L. Watson, Center School
Eleanor McAlister, Baker Hill School
Kathleen Hodsdon, South School

	Center	Baker Hill	South	Total	Total 1932-33
No. half-days session	355	355	366	358.66	360
No. half-days lost	5	5	0	1.34	0
No. pupils registered	21	19*	32	72	..
Average Membership	21	16.07	27.55	65.58	66.1
Percent Attendance	96.56	96	94.62	95.54	94.7
No. Tardinesses	9	60	49	118	53
Average Tardinesses per pupil ..	.42	3.73	1.78	1.79	0.8
No. Visits School Board	7	5	3	15	..
No. Visits Superintendent	23	21	26	70	86
No. Visits Citizens	17	37	13	67	164

*Does not include pupils registered in another school in this district.

1. An inspection of the above table shows an aggregate of ten half-days lost during the year.
2. The average membership remains practically the same.
3. The per cent of attendance has improved somewhat in spite of the unusually hard winter.

4. The number of tardinesses has greatly increased at the South and Baker Hill. In getting children to school on time parents are offered an excellent opportunity to teach them the virtue of punctuality. We hope this year may show a marked decrease in tardiness.

At the Baker Hill school considerable new equipment has been purchased including table desks and chairs and a new heater. Storm windows have also been added. Some provision for ventilation through these should be made. A further improvement in this school would be the addition of another toilet so that there would be one for each sex. While the school was small in number the present arrangement was satisfactory, but with the increase in enrollment another toilet is really needed.

The playground equipment at all the schools will need to be repaired or replaced. The rings in the swings now in use wear out quickly and need to be constantly watched to prevent accident. We would recommend the purchase of ball-bearing swings with steel supports. The see-saws, with some repairs, may be used as they are.

In all the schools there is a need of books for reference in history, geography and science. The reading libraries should also be renewed and enlarged.

A survey of the work of the schools under the able supervision of Supt. A. W. Bushnell during the year 1933-34 shows that good progress was made. We join in wishing him success in his new position.

In conclusion we would acknowledge our indebtedness to the citizens of the district for their co-operation, to the teachers for their loyalty and willingness to accept suggestions for improvement, and to the school board for their support.

Respectfully submitted,

JOHN A. SINCLAIR,

Superintendent of Schools.
